

HYBREX TIME AND DATE

To change the time and or date go to the console phone.
With the receiver hung up press PRG HOLD

If the phone is the console the display will show:

Date/Time: 7

User Alarm: 8 (If the phone is not a console only this line will be displayed)

Press 7

Depending on the system model the display will either show:

System Date/Time

Item: _ _

Press SAVE

Enter the correct date and time in the order MM DD YY HH:MM W and press SAVE

Where (MM=month; DD= Day Date; YY =Year; HH=Hour (24 hour format); MM= minutes; W=Day of Week 1=Monday etc)

Or the display will show

System Date/Time

MM/DD-YY HH:MM W

Enter the correct date and time as above and press SAVE

In both cases press SPK to exit and press SAVE to back up.
